Hi Larry and Paul,

We have the 213RR ready to for PHILIS, but there are no dollar amounts on it. Can you please submit an IGCE for we can budget for the cost? Once we have the 213RR completed we will forward it to the PO to create the requisition and then we can obligate the funds under the task order.

Thanks!

Smith, Monica

Subject: Region 6 Request for Colorado PHILIS to Corpus Christi - Hot Standby Awaiting Deployment request, Mission, Destination Details
Importance: High

Hi Craig –

Per your telephone request today at approx. 11.50 eastern, the Colorado PHILIS Units have been notified of a pending request by R-6 for deployment today to Corpus Christi, TX. They will not leave their facility in Castel Rock, CO until we receive a specific request from Region 6.

In the request please include:

- Deployment location e.g. where in Corpus Christi or elsewhere you want PHILIS,
- Types of analysis requested with media and estimated sample numbers needed
- Region 6 POC for PHILIS to coordinate with during transit
- Identification of FEMA funding account number

According to MAPQUEST drive time from the PHIILS facility to Corpus Christi is approx.. 20 hours or two days of driving from request.

Please advise when you have made the formal decision to activate PHILIS so that we can start them driving. If you need any other assistance please do not hesitate to ask.

Stay Safe,

Mike
